

# Ellucian Banner Integration

Improve the student experience and digitally transform student services by integrating your Ellucian Banner SIS with Laserfiche electronic forms solutions.

Enable rapid deployment of Laserfiche Cloud to streamline key registrar forms processes such as course add/drop and student change of personal information.

## Pre-Populate Laserfiche Electronic Forms with Banner Data

**Easily pull student data** such as name, address and registered courses from Banner to pre-populate Laserfiche forms, reducing manual data entry and errors, saving time for students and registrar staff.

Prefill Laserfiche form fields automatically using data retrieved from Banner.

## Update Banner Record with Laserfiche Forms Data

**Instantly push student data** such as updated address and contact information, and new courses from Laserfiche forms into Banner to update a student's record, removing silos and expediting request turnaround.

Update student information and automate approval processes through Laserfiche forms.

Instantly push updated information from Laserfiche to student's record in Banner.

## View Documents in Laserfiche from Banner Interface

Open and view documents saved in Laserfiche from the Banner interface using Laserfiche Connector, a wizard-driven integration tool, enabling staff to quickly access important files with one click.

The image shows a screenshot of the Banner system's 'General Person Identification' screen. The 'Address' tab is selected, displaying fields for 'From Date' (05/05/2020), 'To Date', 'Address Type' (MA), 'Sequence Number' (16), 'Street Line 1' (242 Beach Street), 'Street Line 2', 'Street Line 3', 'City' (Beach City), 'State or Province' (CA), and 'ZIP or Postal Code' (90000). A 'View Student Records' button is visible at the bottom left.

View student files with the Laserfiche Connector button embedded in Banner.

The image shows a screenshot of the Laserfiche interface. The 'Search Results' section displays 10 entries for student ID 217180524. The results include documents such as 'Lopez, Julia', 'Change of Student Information Form - 5/5/2020', 'Common Application - Julia Lopez', 'Common Application Essay - Julia Lopez', 'Lopez, Julia - Award Allocation', 'Lopez, Julia - Parent Tax Returns', 'Lopez, Julia - Student Aid Report 2016-2017', 'Lopez, Julia - Student Information Sheet', 'Lopez, Julia - Verification Worksheet', and 'Social Security Card'.

Retrieve and edit student documents stored in Laserfiche.

## Ethos Connected

The integration has achieved Ellucian's Ethos Connected Status, allowing for a seamless flow of data across applications through the use of standard integrations and APIs, and is more responsive to Banner updates, creating a smoother user experience.

## Laserfiche Registrar Forms Solution Highlights

The integration is designed to support the registrar forms processing use case.

Simplify student requests and improve responsiveness through easy-to-use Laserfiche e-forms and process automation solutions.

- **Automatically route approval tasks** to accelerate turnaround time and ensure that no request falls through the cracks
- **Send immediate notifications** on request status to students, executive leaders and other stakeholders to improve transparency
- **Digitize all paper forms** to eliminate expensive mailing and courier fees, filing cabinets, and free up valuable storage space

**Schedule a Demo**
